## It is Nifty to be Fifty—at least for 4-H

Can you remember 1957 or even the 50s? Do you remember what was going on in the world at that time? Here are the facts that maybe will jog your mind to remember that time. Freddy Farmer, the famous graft farm bu...

cost 29 cents per pound and Ritz crackers cost 32 cents. (Source: www.populationhistory.com.) As time has traveled on the costs have skyrocketed, but some costs have stayed the same or fairly low. An item that has not changed greatly is the 4-H Community Barbeque calendar. This year marks the 50th year of the calendar in our community. The local 4-H...

### LETTERS TO THE EDITOR

of senior citizens who can attend this event at absolutely no charge. To many of these people this is several nights of visiting with friends, enjoying the street dancing, or maybe even eating something they are not supposed to have. A lot of the people are within walking or even driving distance. I have always been under the impression that our magistrates are elected as a voice for the people. I didn't know they were elected to conduct business based on personal feelings or to become yemen as the trend is becoming. Our community has a lot...

and the festival is combined with the fair it will be an exception to everyone who attends. I know the city government is not directly involved in this dilemma but it still happens in the city and if we keep shipping away at the events in the little city where the big heart pretty soon we will have a heartbeast all. I urge every citizen of this county to contact your magistrate. As voters who put them in office we deserve answers. Sincerely, Debby Ecton

### Remember Your Recare

The importance of regular examinations

Taking good care of your teeth and gums should be a habit. We like to see most of our patients for a checkup at least once every three to six months. We refer to your checkup visit as a recare appointment. A recare dental visit can take up to an hour. Your checkup will normally include a complete cleaning, a fluoride treatment, any required radiographs and a comprehensive dental examination for cavities or other problems. If there are no problems needing treatment, we probably won't see you again until your next recare appointment! Giving your teeth regular checkups is the only way to keep them in tip-top shape. Recare visits help to catch dental problems like decay before they turn into painful cavities. Routine dental examinations can detect life-threatening diseases like oral cancer in the early stages when they are most treatable. That is why most dental insurance plans cover at least two recare appointments per year. Insurance companies know from experience that regular recare is a great long-term investment in your health. We encourage you to book your recare appointment well in advance. If you aren't sure when you're due for your next one, don't delay! Give the Carlisle Office of Mortenson Family Dental a call at 289-5418. Good dental habits will help your teeth last a lifetime!

### Tooth Tips

- Brush after every meal or at least twice a day
- Use a fluoride toothpaste
- Use brushes with soft nylon bristles and a flat surface
- Replace your brush about every three months
- Use a mouthguard if you play contact sports
- Floss every day
- See your dentist regularly!
