TrackMaster

TrackMaster rail and hangers combine the easy mounting and stability of box-rail with the smooth operation of round. The result is a round rail system that is easier to install, easier to operate, self cleaning, and longer lasting. Supporting a 600lb door, TrackMaster hangers have been torture tested without failure through over 10,000 cycles of opening and closing a door!

(That's opening and closing a door once a day for 30 years.)

- Corrosion-resistant, zinc-plated truck frame
- Strong, induction-hardened, zinc-plated steel axles
- Advanced rail design with flat top and sides for easier mounting and better stability. Round body for self-cleaning and smoother operation.
- Flexible trunnion design so door resists damage and adjusts easier.
