Colorectal cancer first develops with few, if any, symptoms

KNOW THE FACTS:

• It is the 2nd leading cancer killer in the U.S.

Both men and women of all races get colorectal cancer.

It is most often found in adults aged 50 or older.

You can stop this cancer before it starts.

Colorectal cancer screening saves lives

For more information about how you can prevent colorectal cancer, contact your primary care physician or visit www.BourbonHospital.com.
