Communist."
"I don't know exactly what they are, but it's something bad. My Marine Recruiter said the communists tried to invade us and take over the world but we kicked their tails in Vietnam and stopped them."

"We didn't beat anybody in Vietnam. We finally just withdrew our troops. It could be argued we lost. And communism didn't spread all over the world after we left."

Oh yeah? How about those communist college professors?"

"So you think all college professors are communists and they are trying to take over the nation? Young man, you say you're ready to die fighting in Iraq but you don't even understand what our democracy or the war is all about. Life is precious. Make sure if you die for a cause, you understand what you're dying for."

"If Senator Jim Humming, Congressman Geoff Haves and my Marine recruiter tell me I'll be doing a good thing if I die fighting for victory in Iraq, that's good enough for me. The next thing you'll be trying to tell me is that Saddam Hussein didn't have any nuclear bombs or chemical and gas weapons. I bet you think Saddam Hussein didn't plan the 9/11 Terrorist attack."

"It's a proven fact Hussein had nothing to do with it."

"You're just some commie liberal coward who's afraid to fight for his nation. I'll go to Iraq and fight. I'm not afraid."

"I was in the military and I witnessed combat in Vietnam as a reporter. Be afraid. Be very afraid."

"Marines ain't afraid of nothing."

"God help you, young man. I'll pray for you."

Our "do-nothing" legislature CAN function again, but, clearly, they need help!

Let's bring back Jim Lovell.

He has a proven record of getting the job done.

LOVELL

STATE REPRESENTATIVE

Getting the job done.

As your representative 1995-98, Jim won praise for his work to revamp the juvenile-justice system and to enhance Kentucky's adult criminal justice code. To do it, he **WORKED TOGETHER** with the other branches of government and with other legislators.

Jim Lovell: Ethics, Integrity, Experience

With a public service career that spans almost 30 years, Jim Lovell has the experience we need in the Kentucky House of Representatives.

"If leadership, like genius, is more perspiration than inspiration, then two-term Kentucky Rep. James M. Lovell, a self-described workaholic, is well-suited for the role."
