## Trussell part of exchange teaching program

Roger Cole Trussell, a 2003 Nicholas County Graduate and a 2007 Eastern Kentucky University Honor graduate, and the son of Larry and Shirley Trussell, left Friday, Aug. 1 to participate in the JET Program. The Japan Exchange and Teaching Program seeks to help enhance internationalization in Japan by promoting mutual understanding between Japan and other nations. The program also aims to improve foreign language education in Japan and to encourage international exchange at the local level by fostering ties between Japanese youth and foreign youth. The objectives of the program are being achieved by offering JET Program participants the opportunity to serve in local authorities as well as public and private junior and senior high schools. The program started in 1987 with the cooperation of the governments of the participating countries. As of July 2007, there were 5119 participants in the program from 41 countries. Roger was one of 10 applicants that were chosen out of about 80 that were interviewed at the Nashville, TN Consulate.
