call stating that we could not set up this year except to set up money. (No food or concessions)

I think about this was discrimination on the part of Carlisle. This only happened after we had been at the festival and fair. I think that other vendors thought that we were a lot of their business at the fair.

I understand that some of the other vendors are non-profit and doing it for a club or organization, and they wouldn't want vendors from the outside the county, but this is our hometown. We were also told it was going to be non-profit this year.

If so they why does the application ask for money if you are doing for a profit. They are telling you what you can and cannot sell in your own community.

It is not about the money. It is the principle of the matter. We are able to go to other fairs and shows and make money. We really enjoy doing this in our own community. It has really bothered us a lot that our own hometown won't allow us to be part of the activities and events.

Carlisle should support all of its own citizens. After all we have supported our community for years.

Debbie Hamm Carlisle, KY

you give your children there is a leash waiting for them. There are drug dealers on every street corner, every other street and a lot of rural roads just hoping and waiting. It is sad that our small town is known as the "drug capital" of Ky.

To the "so called" editor, why don't you use your "so called" know how to obtain information to help the officials get these drug dealers out of our town and county. I will say no more on this because I don't want to jeopardize any on going investigations but if you would do this you may be able to write an article that could benefit the people of Nicholas County.

Lori is now in a place where she is receiving professional help and we pray for her long journey back to the good life she once knew.

We ask all the people of

Nicholas County to pray for her as we pray for her and all of yours.

Don and Linda Caskey Carlisle, KY
The loving and caring grandparents of Lori Beth Sosby.

PS. We wish to extend a special "Thank You" to the officials and "Dawn Letcher", in their caring and professional handling of this situation and help during our very trying time.

Editor, I would like to say thank you to all who helped in the planning and contacting the Nicholas County High class of 1983 Saturday night August 23rd the class of 1983 had its 25 year reunion, at the Carlin County club. I felt that everyone had a wonderful time. I would like to say a special thanks to Connie Markland Hinton, Tammy

Markland Phillips, and Toni Sexton Warner. If I left someone out, I do apologize. There are many fond memories growing up in Carlisle, and going to school in Nicholas County. Saturday night at the reunion while talking with fellow classmates, it was almost like being back in school. There were some who hadn't changed at all, others it took me a while to figure out whom they were. They had a good time watching me squirm trying to remember them. It's been 25 years since I saw or talked to some of them. I truly hated for this to end Saturday night. This was very difficult holding back the tears when it was over and time to go. Thanks again for all who helped and to all that attended.

Thank you
Kevin Watkins
