Dr. Noble, The Kid-Friendly Doc

"It's tough being a parent, especially when your kids are sick. Making kids feel better is my job and making them feel comfortable and safe is the biggest part. I want kids to participate in their care. Explaining procedures and the tools I use help relieve their fears so a visit to see me becomes a fun experience."

Sixteen-slice technology dramatically improves the diagnostic efficacy of CT examinations and has significantly advanced and broadened the range of CT applications. This \$1.1 million dollar investment shows our commitment to the medical staff and to our community.
