

LETTERS TO THE EDITOR

Editor,

On May 20th, the democratic primary voters in the 72nd District will have an opportunity to cast their ballot for a candidate who is exactly the type of person Kentucky needs in the General Assembly. That candidate is state Rep. Sannie Overly. I encourage voters to make her the Democratic nominee on May 20, a special election to appoint her to the remaining term of former Rep. Carolyn Belcher. Despite starting right at the beginning of a very hectic legislative session, Sannie immediately hit the ground running and quickly distinguished herself with her intellect, her compassion, and her willingness to work as hard as possible for those she represents. I think she is an ideal advocate for her district and, as a working mother, is a strong voice for our Kentucky families. Some of her accomplishments during the legislative session include sponsoring the new law that is removing the sales tax from over-the-counter drugs. She is also able to secure a significant amount of money to manage the county's funds to ensure that all bills

were paid in a timely manner. Roy worked closely with the Bluegrass Area Development and the State Department to acquire all available monies and grants. Roy is a very warm and caring person. He will be sensitive to the needs in our district. I am proud to call Roy Baber my friend. I ask all of my friends and family to vote for Roy Baber for State Representative. Sincerely, Dottie Kay (Jones-Nelson) Young Cane Ridge Road Paris Ky.

This letter to the editor is to endorse Roy Baber for State Representative. I was hired as Bourbon County Treasurer in July 1983 when Roy Baber was Bourbon County Judge Executive. Roy knows how to create a budget and how to stay within that budget. We kept a close watch on the budget of each department and stayed within their allotted budgets. We worked together to manage the county's funds to ensure that all bills

we never miss on Martin Luther Day! Another day that we could make up days would be Election Day, the children, DON'T VOTE and the polls are open 6-6. I was planning on letting my two children skip school on Memorial Day, but as I understand the school has scheduled PINS&S for that week. I guess to make sure they have the students and get their money from the state. Lisa and Tim Fryman

I am writing this letter to voice my dissatisfaction with our school system for having our students make up days on Memorial Day. This is ridiculous. This is a holiday that for those of us who work year round and only get 6 holidays a year off, we like to spend it with our children as well. I am sure that some people take vacations during this long weekend, since they get so few holidays off. Why don't you make up days on Martin Luther King Day, we can't let our children out of school to celebrate the leaders of our country, Presidents Day.

GENERAL NEWS

Grand jury issues indictments

Two individuals were indicted by the Nicholas County Grand Jury May 5, in Nicholas Circuit Court. James B. Glass, 36, was indicted on the felony offense of possession of a handgun by a convicted felon and wanted endangerment in the first degree. Those charges will carry a maximum of 10 years in prison. Glass also being indicted for being a persistent felony offender, first degree.

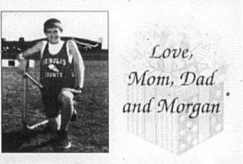

Caroline Police Officer Kenny Brockman testified to the members of the grand jury that he rendered their indictments against Glass. Brockman became involved in the criminal case early on a Saturday morning on March 29 when he was dispatched to Nicholas Square apartments in response to a shot being fired.

Brockman confronted Glass at the apartment complex and though Glass attempted to evade arrest, Brockman was able to successfully stop Glass and take him into custody. He also retrieved a pistol and ballistic evidence as well as witness statements at the scene. Glass allegedly "wantonly engaged in conduct which created a substantial danger of death or serious injury to another person when he twice discharged a firearm in the direction of an occupied apartment building," the indictment against Glass states in part.

Glass' bail was set at \$5,000 cash. Kimberly F. Shanks, 34, was indicted on the charge of possession of a controlled substance (cocaine) in the first degree, and possession of drug paraphernalia second or greater offense. According to the indictments against Shanks after hearing testimony from Carlisle Police Officer Mike Kinkaden, the offenses occurred on March 5. Shanks' bail was set at \$5,000 cash.

An indictment is not an indication of guilt and all of those accused should be considered innocent until proven guilty or entering a guilty plea. An indictment is merely a procedural step, which moves a criminal charge from the district court level to the circuit court level to be heard.
