The right cancer care. Right next door.

There's truth to the phrase "laughter is the best medicine." Sandra's story is one of coping through humor. As a chemotherapy mix, she's seen fear, hope and the healing power of laughter. She uses it daily to support her patients through the rough times cancer can bring.

And now, Sandra's patients have more time to be amused. You see, at Harrison Memorial Hospital, we've partnered with the region's leader in cancer care — the physicians of UK's Markey Cancer Center. That means leading-edge research and treatment paired with the convenience of care brought right to Cynthiana. And our new expansion facility houses state-of-the-art chemotherapy/injection therapy suites with more room for patient privacy.

No more distant travel. No dealing with cancer treatment alone. And simply the best cancer care you can get in the region. We're not sure which is more powerful — the cutting-edge medicine we provide or nurses like Sandra who dish out the laughs just as frequently. Nonetheless, we know it's working.
