

LOG CABIN SIDING

The rustic beauty and comfort of a log cabin is now available for homes with conventional wall construction. Graham offers the best of both past and present through his log cabin siding. The ship lap designed log cabin siding allows the builder to select his insulating materials as well as the thickness of the walls.

ROOF COATING

Reduces heat build-up, thick high-grade formula, expands and contracts. Resists chipping and peeling, provides a protective barrier which reflects the sun's heat and destructive UV rays.

\$53.99
5 gal

ROOF COATING

Our highest quality reflective aluminum coating. Formulated to provide the highest and longest lasting finish with a 3 year warranty. The high solids formula in this product reacts to form a thicker protective barrier which reflects the sun's destructive rays. Coating over roof imperfections. Super Bright serves as a great roof inhibitor and will aid in the prevention of corrosion. Formulated in this product. This product also contains flame retardant fibers which increase the life and durability of the coating. This premium product has a 3 year warranty and meets Florida, CA, and ASTM performance ratings.

\$48.41
5 GAL

ROOF COATING

A reflective and protective, fibrous coating with aluminum flakes suspended in a tough and flexible matrix of selected asphalt and solvent. Upon application, the aluminum flakes lay to the surface to form a reflective metal shield that inhibits against the sun's destructive rays, helping to reduce interior temperatures and provide savings on energy costs.

• 50% Infrared Rating
• Approximately 50 sq. ft. per gallon
• 75 sq. ft. per gallon over metal roofing.

\$36.99
5 GAL

MOBILE HOME ROOF COATING

Use on asphalt roofs, metal, and other worn surfaces. Protects and renews roof surfaces, silver reflective finishes forms a surface coating that helps reduce heat build-up.

\$34.99
5 GAL

NON-FIBER FOUNDATION AND ROOF COATING
