### Letter to the Editor

Ten Years Ago

24 Sep 1998

A continuing string of burglary/theft cases continued to plague the County as burglars entered the KY office on Main Street. The thieves broke in through the back door and in spite of a lot of hands of iron being used, they were unable to gain access to the facilities 2,000 pound safe. Other incidents included break-ins of a home on Walnut Street, Mama Joe's Pizza, Instant Money, Small's Greenhouse, the American Legion Post #17 facilities, and Carlisle Cleaners

To the Editor:

As a member of the Nicholas County Band Boosters I would like to let everyone know about some of the special people we have in this county. I'm sure everyone remembers Sunday's devastating winds--the pros for the marching band season, which parents have spent hours and hours working on, were sitting on the track because one of our third graders (which are EXTREMELY heavy) and blew them over the hill. To the rescue--Mr. Weade, a newly hired teacher at the high school, and the kids in one of his class, brought the props back up to the track. Thank God for Mr. Weade and the kids in his class! This is a classic example of a "little town with a big heart" people helping people without any incentive beyond the gratitude that should be freely given. I don't know the names of the kids that helped out but Thank you from the bottom of my heart!
