Oct. 5	Greenup County	

Wildcats set for new season

The 2009 edition of the Menifee County High School boys' soccer program has suffered more than one debilitating blow thus far this season. Menifee County Coach Coy Garnett and his staff have done some lineup shuffling due to injuries. Garnett is in his first season as Menifee County High School boys' soccer coach after taking over for Paul Lovelace. Three very valuable Menifee County High School boys' soccer players were sidelined earlier in the year forcing

the new mentor to adjust. Menifee County boys' soccer players Bill Seabolt and James Tomplin were in an auto wreck and are expected to be out anywhere from six weeks to the whole season. Michael Coy got a concussion in the Menifee County High School boys' soccer alumni game and will definitely be out for another week. Coy, however, remains upbeat and optimistic about the 2009 season. "I'm still optimistic about the season and the players are as well," Coy commented. "We still expect to be very competitive. The injuries will provide some playing time for younger players to prove themselves and earn starting spots this year and in the future." Returning impact players for Menifee County include senior striker Mikey Williams and Seabolt, a junior sweeper. New player or sophomore Logan Rudder is also making strong contributions to the team. Other notable returning players for Menifee County include senior Curtis Smith, Tyler Wells, Tyler Williams, John Back and Robert Lair. Chris Dourson joins Coy
