The spring in York and I was the first time again in a big city after 8 months. I have already said, and I liked it so much. I have been at different places and I'm getting warmer. Prom. I really like to play Softball and do Track. I have never thought that I would ever hit the ball, but I did and I just once. But Track is also pretty good. I can take home some medals and ribbons!

Some people asked, which sport I liked most. I like all sports which I did, because everything was different, every practice it was different. I really enjoyed the sports which I did was an experience worth, an experience which I'm going to do over. I mean I really miss my family, but I'm not ready to say goodbye to my friends. Oh, I know that city! But I would come to the United States to live there, because it's really dream, maybe out- came from a student at an American also my host family.

The trip was a lot of fun. We got to see many places of New York and I was the first time again in a big city after 8 months. I have already said, and I liked it so much. Well, I don't like to say it, but I guess that was my last my words. I had a great time! Awesome (my favorite word) to thank everyone who made me smile and happy! I enjoyed my time to be part of NCCHS and the Mitchell's. I'm going to miss you all so crazy much! They won't miss a day when I'm not thinking of you, thinking of my second home. I will never forget that. And I hope that some of you won't forget me and hopefully we're going to see us again. I really don't like to say goodbye, but guess I have to. I mean a goodbye doesn't have to be a goodbye forever.

I love you!
