# STUDENT FOCUS

**D.R. Purvis**

D.R. Purvis is a senior at Nicholas County High School. D.R. has been a member of the boys varsity basketball team for the last 3 years. He has been the starting point guard for the Blue Jackets for the last two years. This past season D.R. enjoyed his final season as a Blue Jacket. He averaged 14 points, 4 assists, and 2 steals a game. Often times this season D.R. was out sized and out muscled but at no point was he out skilled or out played by his opponent. What many people may not know about D.R. is that he was doing all this with a very serious back injury. So serious that he will have to have surgery April 17, putting him out of any physical activity for some time. Many young athletes would use this as an excuse but not D.R., at no point did he ever complain or use his back as an excuse he kept playing through the pain, and lack of oxygen. With his will and determination he lead our basketball team to a 9 win season. This showed how much heart and determination D.R. has with in himself, he was a great leader and role model for future Blue jackets to come. None of this was more evident than D.R.'s last game as a Nicholas County Blue Jacket, he played with more heart and determination than I have ever seen from a player. On this night he was the best player on the floor. He might not have scored the most points but there was no player that had a bigger impact on the game than him. He handled himself as a true point guard putting relentless pressure on Deming's defense by constantly blowing past defenders and by handling there pressure all night. On this night, D.R. was a winner! Because he went out leaving everything on the court, even referee's after the game was in amazement of how such a small player, had made such a huge impact. On this night D.R. earned a lot of respect from opposing players, coaches, fans, from his teammates, to the referees, but know one was more proud of him than his own coach! I have had the pleasure and honor of watching him grow and mature into one of the best basketball players around this area, but a even better young man! D.R. truly deserves his own SPOTLIGHT!  
Nominated by Michael Goff

**Lucas Myers**

I would like to nominate Lucas Myers for this week's student spotlight. Lucas is not only a wonderful student to have in class, but he is also one of the most dependably officers on the FFA officer team. He is always willing to help and participate in any activity that is being put on by the FFA. He has a large roll in not only planning, but carrying out many of the activities we participate in as an FFA. In the class room, Lucas continues that great work ethic. He is a delight to have in my 3rd period animal science class as well as 4th period Ag. Construction. No matter what kind of day any of us are having, Lucas has the ability to make you laugh. He does great work in both of the classes and I thoroughly enjoy having him in my classes. I look forward to another year with Lucas in the FFA and in the class room. I think he deserves this student spotlight because of his great work ethic and wonderful attitude.  
Matt Wende Agriculture/Education NCHS FFA

**Jordan Naiper**

Jordan Naiper is a joy to have as a student. He participates in class discussion and often receives a round of applause from the other students for his insightful input. Jordan excels at all work assigned to him. He never settles for less than his best. Jordan has a good personality as well as a good work ethic. He gets along well with his peers and is always polite to others. His work is exemplary and his Think link scores for Test are outstanding. He is a bright future ahead of him and I am sure he will excel at any career he chooses. This young man is one of Nicholas County High's "brightest and best".  
Nominated by Dreama Griffith

**Katrina Culbertson**

Katrina is an excellent student! She is in both my Parenting and Foods and Nutrition classes. Katrina is very involved in class. She takes great part in my discussions, which makes the class more interesting. She is a natural leader. Many of Katrina's peers look up to her, which I find admirable. She assisted me with the hospital room during the 10th Region All FFA Clinic. I would not have made it through without her help. She also assisted in the reception following Senior Night for the parents of senior athletes. Katrina is a strong-willed and determined person. She has many other great qualities as well. Katrina is very deserving of this recognition.
