early breast cancer screening

FACOD FACS

Mammograms are important and oded yearly for all women over 40. But did you know that by the time a "lesion appears on a mammogram or is able to be felt by you or your physician, it has probably been present for over 7 years?!

The "cutting-edge" cytology HALO \* (PAP) testing for cancerous or precancerous celli obtained via a simple in-office procedure (no needles) can detect over 90% of these ormalities as many as eight years before OB/GYN is one of only two physicians in Kentucky to have this technology available. Kentucky to have this technology available. It is recommended primarily for women between 25 and 55 years-old, but is not meant to take the place of mammograms. Remembers over 80% of breast cancer patients have no family history of the disease For more information or to schedule a HALO .

Dr. Gerald Harnel of Just for Women

For more information or to schedule a IAALO please contact Just for Women, OB/GYN today at 859-234-5555. It is not necessary to be an established patient of Just for Women to avail yourself of this opportunity.

JAINT FOR WOMEN ORATION IS IN KY HAY 36 FAST BUTTE IN COMPANIE KY 4 IO31 BEG 234 BERE
