

STUDENT SPOTLIGHT

Caleb Pope

Caleb Pope is a young man who has shown excellent behavior in my class and good citizenship both in the classroom and outside of it. A few days after my house burned, Caleb showed up at my parents' door wearing work clothes and had a pair of boots on his feet. He and a couple of his friends had come to help me salvage anything in my house that was still usable. At that time, however, my father decided it would be too dangerous for them to enter the house as part of the roof was continuing to cave in. I will never forget the kindness this young man showed me, a teacher he not even had for class yet. Now that he is one of my students, he continues to display respect toward others and a kind-hearted nature. His easy-going personality and his hard work on tasks assigned make him a joy to have in class. I know his family must be very proud of him. I am very pleased to be given this opportunity to recognize him for the Student Spotlight. -Ms. Griffin

Brooke Tyree

Brooke Tyree is a pleasure to have in class. She always gives 100%. Brooke is a hard worker and provides me with her best effort. She comes to class prepared and always ready to participate. She is such a model student.

Brooke always has a smile on her face and a positive mental attitude. She is polite and courteous to other peers and teachers. Brooke will accomplish any dream that she sets for herself. -Mrs. Irvin

Summer Guy

I chose Summer Guy as my student spotlight, she is intelligent, alert, curious, and very polite in class. Her maturity, understanding, and wisdom is rare and is one that will guide her through the different paths of her life.

As a student she understands the material on a higher level and challenges everyone in class to do the same. A great student with an uplifting smile, positive energy, and a lot of heart and soul. Keep up the good work. -Melanie Sanders

Michael Smith

Michael Smith is a pleasure to have in class. He works hard and takes pride in his work. He is a bright young man with a bright future. I look forward to having him in class this year. I hope he can inspire others to do their best. -Melanie Sanders
