Girl I really don't know where to begin. It seems like yesterday that you were born. Now you are graduating high school. You are a very talented lovely young lady. You have the most beautiful smile; that smile could melt anyone's heart as it still does today. You are an awesome niece and a great role model for our daughter. We couldn't pick anyone else for her to look up to. As you go off to college, we wish you the best. Don't ever forget where you come from. I will close from the quotes from my favorite song to you: "My Wish For You":  
My wish for you is that this life becomes all that you want it to be; your dreams stay big, your worries stay small; you never need to carry more than you can hold; and while you are out there getting where you are getting to, I hope you know somebody loves you and wants the same thing too:  
"That is my wish for you!"  
We love you and are very proud of you. We wish you the best of luck in college. We are sure you will be fine.  
Love ya,  
Uncle Flash, Aunt Ju Ju and Megan
